Our mission is to instill a love for learning and science, promote the values of stewardship for our local environment, and encourage the positive and responsible involvement of youth in their communities

Basket Making Workshop Registration

A one-day basket making workshop with Beverly Cornelius

Beverly Cornelius works in both ash and reed to create her baskets and is influenced by Native American and Shaker styles. This one-day workshop will take place on **Sunday, July 15, 2018, from 8:30 a.m. – 5:30 p.m.**

Students will complete a traditional corn washing basket. This utilitarian basket was used to rinse white corn, which has to be boiled and rinsed 3 times before it can be cooked. The basket was used the way we use a strainer or colander today. Aside from washing corn this basket is great for storing yarn or magazines.

Students will use a continuous weave to build this 8" tall square base to round basket. The only challenge, if any in weaving this basket, is the shaping. This reed basket will be hand shaped.

Yes, please sign me up for the **Basket Making Workshop** with Beverly Cornelius, a one day workshop scheduled for Sunday July 15, 2018, at the Schoharie River Center in Burtonville, NY. Hours of the workshop are from 8:30am to 5:30pm on Saturday. Registration includes the cost of materials, which will be provided.

Non-member (\$90)

SRC Member (\$75)
